Our automations come in three complexities, depending on your business needs. Mix and match different sizes as needed.

All automations come with technical support and maintenance for the lifetime of the contract.

Small

$100/mo

Automate Your Communication

Send auto-generated communications like texts or emails to your customers (or any other list of people you talk to).

Medium

$200/mo

Custom Data Recipes

Every restaurant is doing something manually that a robot could be doing. So let's get you some robots.

Large

$300/mo

Automations + Integrations

Automate something connected to an integration, like maybe your POS system, HR tasks, or a delivery app.
